USDA FSA maps are for FSA program administration only. This map does not represent a legal survey or reflect actual ownership, rather it depicts information provided directly from the producer and/or NADP imagery. The producer accepts the data 'as is' and assumes all risks associated with its use. The USDA Farm Service Agency assumes no responsibility for actual or consequential damage incurred as a result of any user's reliance on the data outside FSA programs. Wetland identifiers do not represent the size, shape, or specific determination of the area. Refer to your original determination (FSA-626 and attached maps) for exact boundaries and determinations or contact NRCS.
